Next Meeting: Tues, August 11 @7:00 p.m.

This month's meeting presentation will be on "**Pocket Hole Jointery.**" This method of jointery has gained much popularity in recent years among both professionals and hobbyists. All that is required is your hand drill and a pocket hole jig and drill bit. Find out more at the August meeting.

The August meeting will be held at our regular meeting place, Tri States Automotive, 745 W. Gaines Street in Tallahassee (see map on next page).

Highlights From the July Meeting

The "Slide Show and Tell" at the July meeting was a rousing success. Five members showed photos and discussed thirteen woodworking projects. Austin provided a fine projection setup that allowed the photos to be projected larger than life. We've selected one photo of each project to give you a feel for the fine work that was featured.

Business Opportunity

Lisa Girard, an FSU student and budding entrepreneur, stopped in the July meeting looking for a woodworker interested in working with her on some ideas for children's furniture. If you are interested, you can contact her by e-mail at lmg06@fsu.edu.
